

# Scrum Master

12

## Improving communication

Connecting people who need information from one another, establishing effective meeting practices, teaching people how to provide good feedback and how to listen, etc.

## Responsible

The ScrumMaster is not a messenger for others. Instead, he/she is working to create an effective network of communication, with effective communication practices. Sometimes they do get asked information, or to pass requests, and these serve as possible cues for broken links.

Responsible Helping with Actively Avoid Scrum is Silent
