Scrum Master

“Pumping energy”

Ensuring that key elements of motivating work (autonomy, mastery, purpose) exist in the workplace, working with managers and others to improve the elements, etc.

Helping with

Scrum is a high-energy state, and it will dissipate if not maintained by sufficient motivation to do a great job. While the SM is not responsible for it, they are very concerned about it and will work with everyone to create a motivating project and workplace.

Responsible Helping with Actively Avoid Scrum is Silent
