

# Sprint Planning

Please consider and categorise the following possible reactions and decisions based on how good they are in resolving the situation.

## **GOOD IDEA,**

### **TRY ALWAYS**

These should be default approaches to try first.

## **CAN SOMETIMES HELP**

If “Good Ideas” don’t work, these can sometimes provide a solution, but often have downsides, challenges, or are otherwise rarely feasible options.

## **BAD IDEA**

These ideas don’t really work. Avoid them, as they often try to mask the problem instead of solving it.
