Training & coaching

Teaching the Agile mindset and Agile frameworks to Team, PO, and stakeholders, coaching them to use the knowledge and activities effectively, yet allowing them to decide for themselves.

Responsible

It is the ScrumMaster's responsibility to ensure the people know Agile and Scrum (and the other frameworks they use). They don't necessarily have to train it themselves. It's then up to the people themselves how they use that information, though the SM certainly coaches them in the desired use.

Responsible   Helping with   Actively Avoid   Scrum is Silent
